2.0 Introduction

Banglarbhumii.gov.in is official website of Land & Land Reforms and RR & R department. All citizen centric online services are provided from this portal. Current status of Land Records will be provided from this portal.

3.0 Application Architecture

4.0 Organization

The **Land & Land Reforms Department, Government of West Bengal** is mainly responsible for the formulation of policies, Acts, Rules and procedures relating to land matters, namely, land records and survey, land revenue, land reforms, land use, management of government lands, requisition and acquisition of land as well as their implementation by way of preparation and revision of Records of right, including recording of share-croppers (bargadars); vesting and distribution of ceiling surplus land; determination of the requirement of land by tea gardens, factories etc.; mutation of ownership and conversion of classification of land; assessment and collection of land revenue and cesses; requisition and acquisition of land administration of the Calcutta Thika and other Tenancies and Lands (Acquisition & Regulation) Act, 1981, the West Bengal Premises Tenancy Act, 1997, the West Bengal Public Demand Recovery, 1913 and other Acts.

5.0 About NIC

National Informatics Centre (NIC) was established in 1976, and has since emerged as a "prime builder" of e-Government / e-Governance applications up to the grassroots level as well as a promoter of digital opportunities for sustainable development. NIC, through its ICT Network, "NICNET", has institutional linkages with all the Ministries /Departments of the Central Government, 35 State Governments/ Union Territories, and about 625 District administrations of India. NIC has been instrumental in steering e-Government/e-Governance applications in government ministries/departments at the Centre, States, Districts and Blocks, facilitating improvement in government services, wider transparency, promoting decentralized planning and management, resulting in better efficiency and accountability to the people of India.

"Informatics-led-development" programme of the government has been spearheaded by NIC to derive competitive advantage by implementing ICT applications in social & public administration. The following major activities are being undertaken:

- Setting up of ICT Infrastructure
- Implementation of National and State Level e-Governance Projects
- Products and Services
- Consultancy to the government departments
- Research and Development
- Capacity Building

During the last three decades, NIC has implemented many "network centric" application software for Programme implementation in various ministries and departments, using state-of-the-technology software tools. During 1980s and early part of 1990s, the policy thrust was on creating "Management Information System (MIS)" and "Decision Support System (DSS)" for development , planning and responsive administration in governments which led to the genesis of present day "e-Governance" / "e-Government". "Bridging the Digital Divide", "Social and Financial Inclusion through ICT" and "Reaching- the-Unreached" concepts were tried and made operational in the late nineties. NIC has vast expertise and experience in the design, development and operationalisation of various e-Government projects in the areas of Public Administration and Governance like Agriculture & Food, Animal Husbandry, Fisheries, Forestry & Environment, Industry, Health, Education, Budget and Treasury, Fiscal Resources, Transport, Water Resources, Court Management, Rural Development, Land Records and Property registration, Culture & Tourism, Import & Exports facilitation, Social Welfare Services, Micro-level Planning, etc. With increasing awareness leading to demand and availability of ICT infrastructure with better capacities and programme framework, the governance space in the country witnessed a new round of projects and products, covering the entire spectrum of e-Governance including G2C, G2B, G2G, with emphasis on service delivery.

NIC provides Nationwide Common ICT Infrastructure to support e-Governance services to the citizen, Products and Solutions designed to address e-Governance Initiatives, Major e-Governance Projects, State/UT Informatics Support and district level services rendered.

NIC has set up state-of-the-art ICT infrastructure consisting of National and state Data Centres to manage the information systems and websites of Central Ministries/Departments, Disaster Recovery Centres, Network Operations facility to manage heterogeneous networks spread across Bhawans, States and Districts, Certifying Authority, Video-Conferencing and capacity building across the country. National Knowledge Network (NKN) has been set up to connect institutions/organizations carrying out research and development, Higher Education and Governance with speed of the order of multi Gigabits per second. Further, State Government secretariats are connected to the Central Government by very high speed links on Optical Fibre Cable (OFC). Districts are connected to respective State capitals through leased lines.

In executing all these activities, NIC has been given recognition in terms of awards and accolades in International as well as National levels.

Thus, NIC, a small program started by the external stimulus of an UNDP project, in the early 1970s, became fully functional in 1977 and since then has grown with tremendous momentum to become one of India's major S&T organizations promoting informatics led development. This has helped to usher in the required transformation in government to ably meet the challenges of the new millennium.

6.0 Points of Contact

Office of the Director of Land Records & Surveys (DLRS).

Survey Building, 35 Gopal Nagar Road, Alipore

West Bengal, Kolkata – 700 035

7.0 System Capabilities

- Required in Client System
 - Windows 7 or above
 - Should enable Unicode (Bengali)
 - Change in Browser PDF reader option
 - From Options → Applications Tab in content type
 - select 'Portable Document Format(PDF)' and choose 'Use Adobe Acrobat (in firefox)'
 - select 'Adobe Acrobat Forms Document' and choose 'Use Adobe Reader (default)'
 - Scanner and Biometric device.
 - Without License no software should be installed.
- Preferably Mozilla Firefox as default browser to be used

8 Module Details

8.1 Revenue Collection

Collection of Land Revenue is one of the major jobs of the department in the last financial year an amount of Rs.110,63,47,518/- was collected as land Revenue and cess. As per study, the amount has been collected from only 11 to 14% of the total rayats leaving behind most of them to whom we have failed to reach due to various constraints like shortage of manpower etc. Recently, the government was waived land revenue and cess for Land used for agriculture. But, due to lack of relevant data available with the field level functionaries like *Bhumi Sahayaks*, it is often seen that implementation of this waiver policy done arbitrarily.

Frequently, it is found that the rent receipts of previous years are not available with the rayate intending to pay land revenue and as such, they are compelled to pay land revenue from 1385 BS. The present system of collection of land revenue is entirely depend on *bhumi Sahayaks*. Most of the *bhumi sahayaks* are engaged in collection of land revenue for more than one Gram Panchayats and hence they are also not available for a single Revenue Inspector's office on all working days. Right now, the vacancy position of *Bhumi Sahayaks* in our state is to be extent of 38% i.e 1305 of sanctioned strength of 3456.

This has prompted us to make the whole process of Land revenue payment digital as computerisation of data of Land records of almost all mouzas in West Bengal barring a few has been completed. Digitisation of Land revenue payment will also be facilitate the rayats to pay Land Revenue from the comfort of their home. Digitisation of Land revenue payment will also facilitate data of all rent receipts stored in the server for future use if required.

8.1.1 Primary Business Functions

This has prompted us to make the whole process of Land revenue payment digital as computerisation of data of Land records of almost all mouzas in West Bengal barring a few has been completed. Digitisation of Land revenue payment will also be facilitate the rayats to pay Land Revenue from the comfort of their home in 24 X 7 basis. Digitisation of Land revenue payment will also facilitate data of all rent receipts stored in the server for future use if required.

8.1.2 User Access Level

Rayats, unrecorded owner as well as departmental user can access the module.

8.1.3.1.2.3 Report on Revenue Rate

Step 1: To view the revenue Rate, click on revenue menu -> Revenue Fee Report menu.

The screenshot shows a web browser window with the URL `localhost:8081/BangorThum/rentReportFeeAction.action`. The page has a blue header with navigation links: **ORDINANCE**, **ORDINANCE REPORT**, **SM**, **REVENUE**, and **ERT**. A dropdown menu is open under **REVENUE**, showing three options: **Revenue Fee Modification**, **Revenue Fee Report** (which is highlighted), and **Revenue Collection Report**. The main content area is titled **RENT DETAIL REPORT**. It contains several radio button options: **Irrigation** (Yes/No), **ULC** (Yes/No), **Urban** (Yes/No), **Kinda** (Yes/No), **Municipality** (Yes/No), and **Report Type** (Rent Fee Details/Location Details). Below these options is a captcha section with the text "Type The Characters Shows" and a box containing the characters "VSATR". A small green icon is next to the captcha. At the bottom, there is a disclaimer in small text and a blue **Submit** button.

8.1.3.1.2.3.1 Report on Revenue Rate (Rent Fee Details)

Step 1: Select the necessary details and enter the captcha then click on submit button.

This screenshot shows the same **RENT DETAIL REPORT** form as the previous one, but with selections made. The **Report Type** is now set to **Rent Fee Details** (indicated by a filled radio button). The captcha characters remain "VSATR". The **Submit** button is still visible at the bottom.

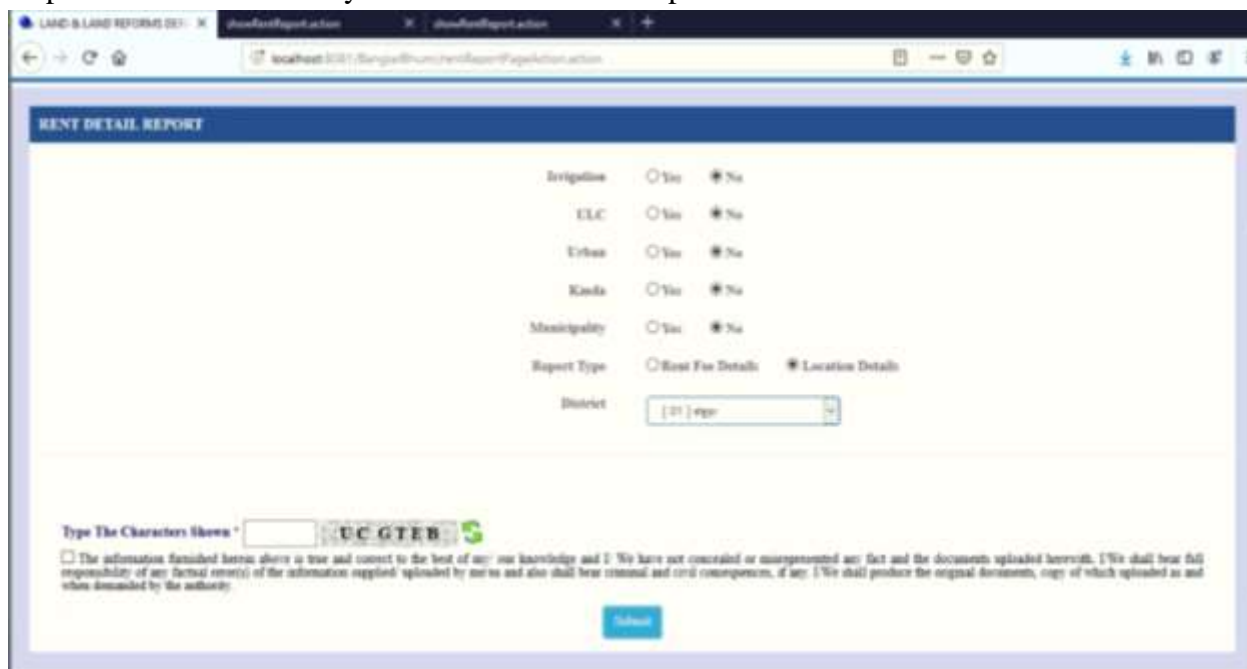

Step 2: ‘Rent Fee Details’ mentioned below.

Irrigation: No	UIC: No	Urban: No	KMDA: No	Municipality: NO	Bengali Year	Purpose	Unit Rate
					1425	Govt. Undertakings	0.5
					1425	Tea Garden & Cultivation of Tea	0.3
					1425	Mills, Factories & Workshop	20.0
					1425	Brick Fields	10.0
					1425	Other Commercial & Industrial activities with pucca structure	10.0
					1425	Commercial & Industrial activities with pucca structure	15.0
					1425	Commercial & Industrial activities without pucca structure	5.0

8.1.3.1.2.3.2 Report on Revenue Rate (Location Details)

Step 1: Select the necessary details and enter the captcha then click on submit button.
